

## MATERIAL SAFETY DATA SHEET

**Purity Fabric Softener**

Page 1 of 3

Date of Issue: August, 2006

### COMPANY DETAILS

Company : Natures Organics Pty Ltd  
Address : 31 Cornhill Street  
          Ferntree Gully  
          VIC 3156  
Telephone Number : (03) 9753 5577

### IDENTIFICATION

Product Name : Purity Fabric Softener  
Other Name : -  
Manufacturer's Product Code : -  
UN Number : None allocated  
Dangerous Goods Class : None allocated  
Subsidiary Risk : None allocated  
Hazchem Code : None allocated  
Poisons Schedule Number : None allocated  
Use : For softening clothes and garments.

### Physical Description/Properties

Appearance : Slightly viscous, opaque, white liquid  
Boiling Point (°C) : Approximately 100 °C. (water)  
Melting Point (°C) : Not available  
Vapour Pressure (kPa) : Not available  
Specific Gravity : 1.000  
Flash Point (°C) : Not applicable  
Flammability Limits : Not flammable  
Solubility in Water : Readily soluble  
pH (5 % solution) : 4.5 – 5.5

### Ingredients

<u>Chemical Name</u>	<u>CAS Number</u>	<u>Proportion (%)</u>
Water	-	> 60
Dipalmitoylethyl Hydroxyethylmonium methosulfate	91995-81-2	< 10
Isopropyl alcohol	67-63-0	< 10
Hydroxypropyl guar	39421-75-5	< 10
Stearyldimonium hydroxypropyl hydrolysed wheat protein	130381-05-4	< 10

Ingredients (continued)

<u>Chemical Name</u>	<u>CAS Number</u>	<u>Proportion (%)</u>
Perfume	-	< 10
Hydroxymethyl ureide derivatives	5395-50-6	< 10

### HEALTH HAZARD INFORMATION

#### Health Effects

##### Acute

- Swallowed : May cause irritation to digestive tract.  
Eye : Mild irritant.  
Skin : No hazard.  
Inhaled : Not normally a hazard due to non-volatile nature of product.

##### Chronic

-

#### First Aid

- Swallowed : Do not induce vomiting. Give plenty of water to drink. Seek medical advice or contact Poisons Information Centre.  
Eye : Immediately hold eyes open and flush with water for at least 15 minutes. If irritation persists, seek medical advice.  
Skin : Wipe off excess with tissue or towel. Remove contaminated clothing. Wash well with water.  
Inhaled : Not applicable.  
First Aid Facilities : Workcover recommended first aid facilities appropriate to the size of the workplace.

**Advice to Doctor** Treat symptomatically.

### PRECAUTION FOR USE

- Exposure Standards : None assigned for mixture.  
Engineering Controls : None under normal operating conditions.  
Personal Protection : Avoid contact with eyes. Do not swallow.  
Flammability : Non-flammable or combustible.

### SAFE HANDLING INFORMATION

- Storage and Transport : Store in a cool place below 30 °C away from foodstuff, empty foodstuff receptacles, and oxidising agents (such as chlorates, nitrates).
- Spills and Disposal : Spillages are slippery. Contain spill with dry sand or other non-combustible material and collect in appropriate containers. Mop or wash away residues. For large spills, prevent the material from spreading and entering drains by banking sand. Disposed of by incineration or burial in an approved landfill in accordance with Commonwealth, State and Local Government regulations.
- Fire/Explosion Hazard : Non-combustible. Not considered a fire risk. In a large fire, heating may produce toxic fumes containing sulphur dioxide, carbon monoxide and nitrogen oxides.
